

General Laborer

Job Description:

As a General Laborer, you will perform a variety of tasks to support construction operations. You will work on various projects, assisting with the setup, maintenance, and cleanup of construction sites. The ideal candidate will have a strong work ethic, be able to perform physical labor, and have the ability to work well in a team environment.

Key Responsibilities:

- Assist with the setup and cleanup of construction sites.
- Load and unload materials, tools, and equipment.
- Operate basic hand and power tools.
- Perform general labor tasks such as digging, lifting, carrying, and moving materials.
- Follow instructions from supervisors and project managers.
- Ensure all work is performed in accordance with safety regulations and company policies.
- Communicate effectively with team members and supervisors.
- Perform other duties as assigned to support construction activities.

Qualifications:

- Experience in construction or related field is preferred but not required.
- Ability to perform physical labor and lift heavy materials.
- Familiarity with hand and power tools.
- Strong work ethic and reliability.
- Knowledge of safety procedures and practices in construction.
- Good communication and teamwork skills.
- Valid driver's license and reliable transportation.

Wage: DOE (Depends on Experience)

If you meet the above qualifications and are ready to join a dynamic and growing team, we would love to hear from you. Please submit your resume and a cover letter detailing your relevant experience to office@americanbuildit.com or apply online at americanbuildit.com.
